Sprint Report 6 - 21.02.2024 - Group 05   Ålesund, 21.02.2024

In attendance:
Håkon Svensen Karlsen, Matti Kjellstadli, Adrian Johansen & Di Xie

Time and place: Monday 21.02 at 19:00 - 21:00. Room: Discord

Case 01:
Today's meeting was in preparation for the upcoming checkpoint where the work will be presented to our lecturers.

Here is a summary of the progress since the last sprint:
- The figma prototype of the website is complete and will be used as an inspiration when developing the website. (**Håkon & Matti**)
- The use-case diagram representing the websites function is finished (**Adrian**)
- The database schema is finished (**Di**)
- The local version of the database has been created and pushed to the groups repository (**Everyone**)
- The back-end part of the website is finished (**Adrian & Matti**)
-

Case 02:
Discussion regarding future improvements to the application
- Ability for institutions to ask for courses to be added directly to the site's database.
- Potential "pro" feature allowing different views for different users
